Course Duration: 2 Days

Price Per Delegate: £495
(Public Scheduled Course)

Price Per Course: £1,395
(On-Site at Customer Premises)

Suitable For:

Those who need to modify and enhance images for use in websites, newsletters and other business documentation.

Learning Outcomes:

By the end of the course delegates will be able to use the tools for selecting parts of an image, understand layers and apply layer effects. Additionally, they will be able to use painting tools and blending modes to create shading effects in an image.

Prerequisite Skills:

Delegates attending this course must be proficient with a mouse and keyboard and be able to confidently work within a Windows environment - minimise, maximise, open, close.
